Profile

Second-year Computer Science (Data Science) student with strong interest in AI, data analytics, and scalable systems. Experience building real-world projects involving machine learning, web technologies, and governance-focused AI systems. Passionate about solving impactful problems and contributing to production-level applications.

Projects

EduDash — Student Academic Dashboard [\[Link\]](#)

Personal Project

- Built a full-stack student academic dashboard using React 19, Node.js/Express, and MongoDB.
- Developed a PDF attendance parsing pipeline for automated attendance tracking.
- Integrated YouTube API for in-app lecture access.
- Implemented JWT-based authentication for secure user sessions.

SugarCareDiabetes — AI Health Platform [\[GitHub\]](#)

TechnoVate, D.Y. Patil University

- Built an AI-powered system for diabetes risk prediction using real-time user inputs.
- Integrated personalised diet and exercise recommendations.
- Full-stack application using Python, HTML/CSS, and JavaScript.
- Focused on user-centric design and real-world healthcare applicability.

DJSCE eXpress Website [\[Link\]](#)

DJSCE eXpress

- Contributed to the development of DJSCE eXpress's new official website.
- Built the Previous Events page, featuring an interactive timeline of all events conducted by DJSCE eXpress.
- Collaborated with the team on broader front-end development across the site.

Education

B.Tech. Computer Science (Data Science)

2025 – 2029

Dwarkadas J. Sanghvi College of Engineering
CGPA: 9.833

HSC (PCM)

2023 – 2025

Brio E-tech Jr. College

JEE Mains: 95.44 percentile JEE Advanced: AIR 19792

Skills

Languages: Python, Java, C/C++, JavaScript

Web Development: HTML, CSS

Core Concepts: Data Structures, Pandas, NumPy, Basic Machine Learning, APIs

Tools: Git (basic), VS Code

Soft Skills: Communication, Teamwork, Time Management, Creativity

Experience & Activities

Technical and Creatives Associate @ DJSCE eXpress

Feb 2026 - Present

- Contributed to technical and creative initiatives within the college community.
- Collaborated in team-based environments for event execution and management.

Web Development and Creatives Committee Member @ DJS Compute

August 2026 - Present

- Contributing to web development and creative initiatives within the DJS Compute committee.

Software Team Member @ DJS Arya

June 2026 - Present

- Working on radio communication systems between the CanSat and its ground control station.
- Gaining hands-on experience with sensor integration for CanSat payloads.
- Contributing to development of the ground control station software, built in-house by the software team.
